Apply before February 15 and pay less!

" Taking part in the ESS has been an amazing experience which I'd recommend to anyone. I don't know which part I enjoyed the most: beautiful city of Prague, the whole program or all the lovely people I've met! "

- Adriaan, The Netherlands -

European Summer School (ESS), Prague July 16th – July 26th 2016

“Europe in Motion”

The European Summer School in Prague is an intensive 10 day learning programme focused on European integration. It is organized by one of the leading think-tanks in Prague, EUROPEUM Institute for European Policy, in co-operation with Prague College, the Charles University Faculty of Social Sciences and under the auspices of the European Commission Representation in the Czech Republic.

This year’s European Summer School is titled “Europe in Motion”. How does the EU deal with the current migration wave? How does it react to its internal challenges? Find out in Prague, at the 14th annual European Summer School!

We have prepared early-bird discounts for those who apply before February 15 and have also a new program of scholarships!

Find out more on our homepage www.essprague.eu, you can see the promotion leaflet enclosed or video from last year’s program at <https://www.youtube.com/watch?v=vhwprMAhL4s>.

In order to apply for the ESS, you should be currently enrolled in a university or have recently graduated. The field of your study is not a determining factor – we are interested in motivated people!

Deadline for the applications is May 31st – but apply early and pay less ;)
