

Lela Tsiklauri

15 K. Iashvili str. Telavi, 2200, Georgia

Mobile: (+995) 599 20 84 86

E-mail: l.tsiklauri58@gmail.com

Date of birth: 8 August, 1958

Marital status: married, two children

EDUCATION

- 2007** Academic Degree: Doctor of Technology
- 2003** Aspirant at Scientific Research Institute of Gardening, Viticulture and Winemaking, Georgian Academy of Agricultural Sciences
- 1976-1981** Ivane Javakishvili Tbilisi State University, the faculty of Biology, majoring in Biology, specialization – Microbiology, qualification: Biologist, Teacher of Biology and Chemistry
- 1965-1975** studied at Telavi Secondary School 3, awarded with Gold Medal

WORK EXPERIENCE

- 1981-1982** Senior Laboratory Assistant of the technological department of Telavi experimental station at Scientific Research Institute of Gardening, Viticulture and Winemaking
- 1982-2005** Teacher at the Department of Biology, Iakob Gogebashvili Telavi State University
- 1986-1998** Teacher of Biology at Telavi Schools 4, 5 and 9
- 2005-2007** Assistant Professor of the Faculty of Natural Sciences at Iakob Gogebashvili Telavi State University
- 2007-2009** Lecturer on an hourly basis, the faculty of Agriculture and Food Processing at Iakob Gogebashvili Telavi State University
- 2009-Present** Assistant Professor of the faculty of Agrarian Sciences, Iakob Gogebashvili Telavi State University

2011-2013 Assistant Rector of Iakob Gogebashvili Telavi State University

2014-Present Associate Professor of the Faculty of Agrarian Sciences at Iakob Gogebashvili
Telavi State University

SKILLS

- **Languages:** Fluent Russian, German – with the help of dictionary, English – elementary
- **Computing:** MS Word, Excel, MS Outlook, Power Point

The list of scientific works (See Appendix)

APPENDIX**List of Scientific Works****Lela Tsiklauri**

N	Name of Works	Form of Printing	Publishing House	Publish year	Number of pages	notes
1	Research of essential oils of Rkatsiteli grape	article	Georgian Engineering News	2006	4	
2	Research of various types of yeasts on the formation of aromatic substances	article	Georgian Engineering News	2006	2	
3	The results of analysis of dibutyl phthalate in cognac wine materials and alcohol	article	Production of alcohol and alcoholic beverages	2006	1	
4	Purification of enzymes and the study of some of their properties	article	Collection of works. Iakob Gogebashvili Telavi State University	2007	1	
5	The impact of carbohydrates on activating dry wine yeasts	article	Collection of works. Iakob Gogebashvili Telavi State University	2007	2	
6	Georgian hop and the use of its products in making bear	article	The directions of small and medium business development in the agro-industrial sector of regions. Collection of works. Batumi	2007	8	
7	Enzyme preparations in wine	article	Collection of Works. Iakob Gogebashvili Telavi State University	2007	3	
8	The impact of various types of yeasts on the quality of Champagne wine	monography	Publishing house "Chokhi"	2008	158	

9	Technological aspects of making champagne wines	monography	Publishing house "Chokhi"	2008	181	
10	Wine yeasts	monography	Publishing house "Poliglotti"	2009	129	
11	Reacting with the organs of cells on potassium deficiency	article	Georgian Engineering News	2009	2	
12	Research of Scopolamine in Oak wood and Brandy alcohol and their Influence on Product Quality	article	Electronic magazine of World Wine Congress	2010	4	
13	The influence of mineral nutrition on the content of vitamins in grape mash and wine	article	Georgian Engineering News	2010		
14	The influence of potassium deficiency on the vine metabolism and wine quality	article	Georgian Engineering News	2010		
15	The effect of the magnetic field on the synthesis of the growth regulators of local strains of Azotobacter	article	II International Conference on „Urgent Problems of biochemical Theories“	2011		
16	Isolation and study of bacteriophage Erwinia carotovora for the purpose of biocontrol of soft rot of potatoes	article	Materials of the 2 nd International Scientific and Practical Conference "Scientific Search in the Modern World"	2012		
17	Study of some biological properties of actinomycetes		Collection of Scientific Works, №2. Iakob Gogebashvili Telavi State University	2012		
18	The influence of mineral salts on antimicrobial activity of actinomycetes	article	Collection of Scientific Works, №2. Iakob Gogebashvili Telavi State University	2012	5	
19	Isolation and study of specific bacteriophages against causal agents of soft rot of potatoes		European Researcher №12-1	2012		

20	Isolation of bacteriophages active to Pseudomonas sp. phytopathogenic bacteria and the study of their biological properties	article	European Researcher №14-1	2013		
21	Synthesis of vitamins of B complex by some Penicillium representatives	article	News of Armenian State Agrarian University. №2	2013		
22	On the effect and the aftereffect of the Karagard herbicide on the dynamics of microbiological processes and the biological activity of the soils of the vineyard	article	News of Armenian State Agrarian University.№3	2013		
23	Examination of champagne wine ethers made from different types of yeast	article	Bulletin of the Georgian Academy of Agricultural Sciences, 2015 (34)	2015	4	
24	Dynamics of the changeability of terpenes in the process of champagne wine making	article	Bulletin of the Georgian Academy of Agricultural Sciences, 2015 (34)	2015	3	
25	Examination of aromatic alcohol in champagne wine	article	Bulletin of the Georgian Academy of Agricultural Sciences, 2015 (34)	2015	4
