- Sep 2023 - Jul 2023 **Researcher of the project**
VITAGLOBAL-Erasmus+ Programme of the European Union, Telavi
Amongst the regional/country priorities of the Erasmus+ programme, Latin America, Georgia and South Africa all cite 'Agriculture' as a priority for curriculum development. VitaGlobal thus focuses on sharpening university contribution to local development, specifically by proposing a curriculum development project that targets a growing agricultural sub-sector for all of the Partner regions involved: viticulture and oenology. It does so by building a joint study programme, which is widely acknowledged to contribute to teaching innovation and internationalisation, as well as a wider cooperation network linking diverse institutions
- Sep 2022 - Dec 2023 **Researcher of the project**
PROGRICC, Telavi
